SPRINT 5 (0/3) = 0%

PROJECT PERCENTAGE COMPLETION (10/37) * 100 = 27%

SPRINT 5 – In this sprint we are focused on creating the functionality of flashcard creation in our system.

What went well: We manage to complete some component pages, fix routing, models for backend, add github actions on our repository.

What could be improved: I think the completion of our task, we need to complete our task in a specific sprint.

What needs to be done: Complete all the component pages and start the backend implementation.
