

PROGRESS UPDATE | January 3, 2026 | SPRINT 14

SPRINT 14 (1/1) * 100 = 100%

PROJECT COMPLETION (37/37) * 100 = 100%

SPRINT 14 – This sprint marks the project completion phase, during which all planned tasks and deliverables were successfully completed.

What went well: We manage to complete the project before the given date presentation, we have some time to prepare for our defense

What could be improved: On the future side of this project, It would be better if we will implement the rewarding system for the user. Everytime they share their study sets and also add a gamified badge that will display in their profile and implement a study streak.

What needs to be done: Back up the repository of the project in local, so we can avoid conflict if the presentation is happening.
