# PROGRESS UPDATE | OCTOBER 25, 2025 | SPRINT 4

SPRINT 4 (1/3) = 33.33%

PROJECT PERCENTAGE COMPLETION (10/37) * 100 = 27%

SPRINT 4 – This sprint focuses on the development of front end and backend and also implementation of database on our web host.

What went well: We manage to fix the asset file and also the routing of each page.

What could be improved: Our communication, because if there's no one will initiate the project, nothing will happen.

What needs to be done: Complete all the front end and connect our back end in database
